AT YOUR SERVICE. ON YOUR SIDE.

My 15 years of experience in the mortgage industry has given me opportunity to work with a diverse client base. What I have gained from this experience is the ability to truly understand my client's needs. I believe that understanding your needs is the most important step in helping you achieve your financial goals.

I also understand that entrusting your hard-earned money and financial information to somebody you have never met can be an uncomfortable and stressful experience. In business, it's often hard to tell the difference between the people who are just out for your money, and the people who truly want to help you. I am someone who's ultimate goal is to find the program that will be most beneficial to you and to help you through this process in an honest, upfront, and respectful way.

At Credit Union of Texas we offer a wide variety of different mortgage loan to fit your financial needs. If I can't help you reach your goals, or feel confident that the products I am offering won't better your situation, I guarantee that I will be up-front and honest about what I can and can't do for you. Making the home buying process easy for you is my job. The most rewarding part of my career is seeing the finished product- YOUR SATISFACTION.
